MOTION OF DEBTOR(S) KRISTEN FRAME FOR AN ORDER
(i) VALUING PROPERTY OF THE ESTATE AND A LIEN ON SUCH PROPERTY,
(ii) RECLASSIFYING CLAIM, AND (iii) AVOIDING AN UNSECURED LIEN,
AND OBJECTION TO CLAIM

TO: MERS care of Paul A. Weingarden, Chapter 13 Trustee, United States Trustee and all parties in interest as specified in Local Rule 9013-3.

Chapter 13 Debtor(s) Kristen Frame (the "Debtor") by this motion seeks the entry of an order (i) determining the value of her home in Oak Grove, Minnesota, and the lien of the second-priority mortgage thereon pursuant to § 506(a) of title 11 United States Code (the "Bankruptcy Code") and Rule 3012 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules"), (ii) reclassifying the claim arising from said entirely unsecured mortgage as a non-priority unsecured claim pursuant to 11 U.S.C. § 502 and Bankruptcy Rule 3007, and (iii) providing for the avoidance of such lien pursuant to Bankruptcy Code § 506(d) in accordance with their confirmed chapter 13 plan.

1. The Court will hold a hearing on this Application at 2:30 p.m. on July 1, 2009, in Courtroom No: 7 West, at the United States Courthouse, at 300 S 4th Street, in Minneapolis, Minnesota, 55401.

- 2. Any response to this application must be filed and delivered to Applicant no later than June 26, 2009, which is three days before the date set for hearing (excluding Saturdays, Sundays, or holidays), or filed and served by mail not later than June 22, 2009, which is seven days before the date set for the hearing (excluding Saturdays, Sundays, and holidays). UNLESS A RESPONSE OPPOSING THIS APPLICATION IS TIMELY FILED, THE COURT MAY GRANT THE APPLICATION WITHOUT A HEARING.
- 3. This case was commenced by the filing of the Debtor's voluntary petition on February 24, 2009 (the "Petition Date").
- 4. As reflected by an appraisal dated February 4, 2009, the fair market value of the Debtor's home located at 21500 Linnet Street NW, Oak Grove, Minnesota (the "Property") was \$265,000 (Exhibit "A").
- 5. The Debtor seeks the entry of an order, pursuant to Bankruptcy Code § 506(a) and Bankruptcy Rule 3012, determining the Petition Date value of the Property to be \$265,000.
- 6. The Property is subject to two (2) mortgages. *See* title report annexed as Exhibit "B."
- 7. The first-priority mortgage, dated January 19, 2007, was executed by the Debtor to First Franklin Financial Corp. in the original principal amount of \$270,000 and is serviced by Home Loan Services, Inc. See Claim 2 filed in this case by Mortgage Electronic Registration Systems ("MERS"), a copy of which is annexed as Exhibit "C".
- 8. On behalf of the owner and holder of the first mortgage, MERS's Claim 2 asserts a petition date secured claim of \$291,356.62.
- 9. The second-priority mortgage, also dated January 19, 2007, in favor of First Franklin Financial Corp., in the original principal amount of \$69,000.00, is serviced by Home

Loan Services, Inc. See Claim 4 filed in this chapter 13 case, a copy of which is annexed as Exhibit "D".

- 10. On behalf of the owner and holder of the second mortgage, MERS's Claim 4 asserts a petition date junior secured claim of \$77,357.41.
- 11. The Petition Date claim secured by the first-priority mortgage exceeds the Petition Date value of the Property by \$21,356.62.
- 12. There is no value in the Property to which the lien of the second-priority mortgage may attach.
- 13. The Debtor seeks the entry of an order, pursuant to Bankruptcy Code § 502 and Bankruptcy Rule 3007, reclassifying Claim 4 as a non-priority unsecured claim.
- 14. As a result of the above valuation and reclassification, the lien of the second-priority mortgage as reflected by Claim 4 filed by MERS may be avoided under Bankruptcy Code § 506(d).
- 15. Bankruptcy Code §1322(b)(2)'s anti-modification provision does not prevent this result.
- 16. The Debtor will file a modified chapter 13 providing for (i) avoidance of the lien upon successful completion of their modified plan, and (ii) the submission of a satisfaction of mortgage in escrow with the trustee, to be released to the undersigned for filing in the Anoka County real estate records upon such successful plan completion.
 - 15. The Debtor does not contest the validity, priority or extent of such lien.
- 16. No prior request has been made to this or any other Court for the relief sought in this motion.
 - 17. The Debtor has submitted a Memorandum of Law in support of their motion.

WHEREFORE, chapter 13 Debtor Kristen Frame seek the entry of an order (i)

determining the value of the Property; (ii) reclassifying Claim 4 as a non-priority unsecured

claim; (iii) providing for the avoidance of the lien of the wholly unsecured second-priority

mortgage on the Property evidenced by Claim 4 upon successful completion of the Debtors'

modified chapter 13 plan, and (iv) for such other and further relief as is just and proper.

MEMORANDUM OF LAW IN SUPPORT OF MOTION OF DEBTOR KRISTEN FRAME FOR AN ORDER (i) VALUING PROPERTY OF THE ESTATE AND A LIEN ON SUCH PROPERTY, (ii) RECLASSIFYING CLAIM, AND (iii) AVOIDING AN UNSECURED LIEN

TO: MERS care of Paul A. Weingarden, Chapter 13 Trustee, United States Trustee and all parties in interest as specified in Local Rule 9013-3.

Chapter 13 Debtor Kristen Frame (the "Debtor") has this date filed her motion seeking the entry of an order (i) determining the value of her home in Oak Grove, Minnesota, and the lien of the second-priority mortgage thereon pursuant to § 506(a) of title 11 United States Code (the "Bankruptcy Code") and Rule 3012 of the Federal Rules of Bankruptcy Procedure (the "Bankruptcy Rules"), (ii) reclassifying the claim arising from said entirely unsecured mortgage as a non-priority unsecured claim pursuant to 11 US.C. § 502 and Bankruptcy Rule 3007, and (iii) providing for the avoidance of such lien pursuant to Bankruptcy Code § 506(d) in connection with her modified chapter 13 plan.

In *Nobelman v. American Savings Bank*, 508 U.S. 324, 113 S.Ct. 2106, 124 L.Ed.2d 228 (1993), Justice Clarence Thomas observed that § 1322(b)(2) focuses on the rights of a holder of a secured claim secured by a security interest in the debtor's primary residence and not the claim itself. These rights, he reasoned, may not be modified, and the rights contained in the note and mortgage include 'the right to repayment of the principal in monthly installments over a fixed term ... the right to retain a lien until the debt is paid off... and the right to bring an action to recover any deficiency remaining after foreclosure...'

Nobelman, 508 U.S. at 329, 113 S.Ct. 2106.

However, Justice Thomas also pointed out that '[p]etitioners were correct in looking to § 506(a) for a judicial valuation of the collateral to determine the status of the bank's secured claim.' *Nobelman*, 508 U.S. at 328, 113 S.Ct. 2106. The Court in *Nobelman* proceeded to observe that the bank still held a partially secured claim, and, therefore, since it held a secured claim as defined by § 506, was entitled to the antimodification protection of § 1322(b)(2)." *In re Black*, 260 B.R. 134, 139 (Bkrtcy.E.D.Ark., 2001).

A lien in property is not secured (and the claim to which such lien pertains is not a "secured claim") if there exists "insufficient equity in the property to cover any portion of that lien." *In re Pond*, 252 F.3d 122, 127 (2d Cir. 2001).

The holder of a wholly unsecured lien, as determined under Bankruptcy Code § 506(a), is not the holder of "a claim secured only by a security interest in . . . the [debtors'] principal residence' and, therefore, [its] rights in the lien are not protected under the antimodification provision of 11 U.S.C. § 1322(b)(2)." *In re Pond*, *id*.

The Debtors may move to 'strip-off' a wholly-unsecured lien by a valuation motion brought pursuant to Bankruptcy Rule 3012 and Bankruptcy Code § 506. Such motion should explicitly state that the motion does not contest the validity, extent or priority of the lien. *In re Robert*, 313 B.R. 545 (Bankr. N.D.N.Y. 2004).

The majority of courts hold that the appropriate procedure for lien avoidance under Section 506 is by motion because lien avoidance is the inevitable byproduct of valuing a claim, which is accomplished by motion pursuant to Bankruptcy Rule 3012. No further proceeding is required. *In re Hoskins*, 262 B.R. 693 (Bankr.E.D.Mich.2001); *In re Fuller*, *Jr.*, 255 B.R. 300 (Bankr.W.D.Mich.2000); *In re Jones*, 152 B.R. 155 (Bankr.E.D.Mich.1993); *Lee Servicing Co. v. Wolf (In re Wolf)*, 162 B.R. 98 (Bankr.D.N.J.1993). "Once the value of the secured claim is determined, the attendant lien is stripped off automatically under Section 506(d)."

In re Sadala, 294 B.R. 180, 183 (Bkrtcy.M.D.Fla. 2003).

In *In re Mansaray-Ruffin*, 2008 WL 2498048 (3d. Cir. June 24, 2008), the court distinguished challenging the validity of a lien from the valuation of the collateral to which a lien attaches to determine the amount of a secured claim, the former requiring an adversary proceeding. *Mansaray-Ruffin* cites *In re Enewally*, 368 F.3d 1165, 1173 (9th Cir.) *cert. denied* 543 U.S. 1021, 125 S.Ct. 669, 160 L.Ed. 497 (2004) which "...confirmed that Rule 7001 does not require a debtor to file an adversary complaint where the debtor seeks to modify the lien amount based on the value of the collateral." *Mansary-Ruffin* at 9-10.

In *In re Kemp*, 391 B.R. 262 (Bankr.D.N.J. 2008), the court further extrapolated from *Mansaray-Ruffin* in regard to motions versus adversaries when lien stripping. The court held that the debtor was seeking valuation of the lien at issue, and was not contesting the validity, priority or extent of the lien. In so doing the court relied on F.R.B.P. 3012 which states "[t]he court may determine the value of a claim secured by a lien on property in which the estate has an interest on motion of any party in interest." *Kemp* at 265. The Kemp court also cited 10 Lawrence P. King, *Collier on Bankruptcy*, ¶ 7001.03[1] at 7001-10 (15th Ed. Rev.2008):

Under section 506(a) of the Code, secured claims are to be valued and allowed as secured to the extent of the value of the collateral and unsecured for the excess over such value. Rule 3012 implements section 506(a) and provides that the court may determine the value of a claim secured by a lien on property in which the estate has an interest on *motion* of any party in interest. One could argue that such a proceeding is one to determine the "extent" of the lien. The Advisory Committee Note to Rule 3012 refutes this notion by making the distinction that a Rule 7001 adversary proceeding "is relevant to the basis of the lien itself" as distinguished from valuation for the purposes given in examples in that Note, such as to determine the issue of adequate protection under section 361, impairment under section 1124 or treatment of the claim in a plan pursuant to section 1129(b). Thus, under the Bankruptcy Rules, valuation is accomplished by motion under Rule 9014, rather than in an adversary proceeding under Rule 7001." Kemp at 265-266.

In *In re Calendar* 262 BR 777 (8th Cir.BAP (Mo.), 2001) (Opinion written by Judge Kressel with Judge O'Brien concurring on the panel) the Court stated:

In *Nobelman v. American Savings Bank*, 508 U.S. 324, 113 S.Ct. 2106, 124 L.Ed.2d 228 (1993), the Supreme Court held that § 1322(b)(2)'s antimodification provision protect a creditor who is 'secured' by the homestead even if it is not the holder of a secured claim within the meaning of 11 U.S.C. § 506(a). Since that decision, a number of courts have held that *Nobelman* only applies when the creditor holds some secured claim. According to these courts, a plan may modify the rights of a creditor who is secured as a matter of state law but who is not the holder of a § 506(a) secured claim. *See, e.g. McDonald v. Master Financial (In re McDonald)*, 205 F.3d 606 (3rd Cir.2000); *Tanner v. FirstPlus Financial (In re Tanner)*, 217 F.3d 1357 (11th Cir.2000); *Bartee v. Tara Colony Homeowners Ass'n (Matter of Bartee)*, 212 F.3d 277 (5th Cir.2000); *contra In re Cater*, 240 B.R. 420 (M.D.Ala.1999); *In re Mattson*, 210 B.R. 157 (Bankr.D.Minn.1997).

However, cramdown and lien stripping are confirmation issues which were presumably explicitly or implicitly resolved when the bankruptcy court confirmed the debtor's plan. In other words, what a creditor's secured claim is and how much has to be paid to the creditor are two different issues. In fact, it is the very point of § 1322(b)(2) that eligible creditors are paid in full regardless of what their secured claims are."

Calendar at 779-780. Mattson, a 1997 court-level opinion of Judge Kressel, appears to be of limited precedential value, as Judge Kressel said in Calendar that Mattson was contra to the emerging trend in favor of lien stripping. In Calendar, the first mortgage claim was \$92,000, the house was worth \$95,000, there was a disputed mechanics lien with unstated amount, but presumably in excess of the remaining \$3000 in equity, which, if valid, would have had priority over the next secured creditor in line, American General Finance. The Court stated "If, as argued by the debtor, that claim has priority over the claim of American General, then there would be no value left to secure American General Finance's claim. It would then have no secured claim." While Calendar did not rule on lien stripping as the BAP remanded for the court on grounds of considering the res judicata implications of an already-confirmed plan, it is submitted that Calendar provides acceptance in this Circuit for lien stripping.

WHEREFORE, chapter 13 Debtor Kristen Frame seek the entry of an order (i)

determining the value of the Property and the second-priority mortgage lien thereon; (ii)

providing for the avoidance of the lien of the wholly unsecured second-priority mortgage on the

Property upon successful completion of the Debtor's modified chapter 13 plan, (iii) reclassifying

the claim arising from said mortgage as a non-priority unsecured claim, and (iv) for such other

and further relief as is just and proper.

Uniform Residential Appraisal Report

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended user, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended user, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- 2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
- 3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- 4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area.
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seg., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Prior Sales Comments

The subject was last purchased on 1/19/2007 for \$345,000. There was no listing of the subject at this time, through the MLS. According to the current owner, she knew one of the three sellers. Prior to this purchase, the subject was purchased on 5/17/2006 for \$190,000. There was an MLS listing for this purchase and states that the subject had frozen pipes that burst and cause some mold problems throughout the subject. The problems were resolved and the subject was then sold for the \$345,000. Comparable two was sold on 9/30/2008, at this time it was indicated that this home had mold problems and was in need of repair. It was cleaned up and repaired and then sold on 12/29/2008 for \$264,150. Comparable three was a lot only sale on 5/25/2006. Comparable five was last purchased on 5/8/2008 for \$375,000, was not able to obtain any data on this transaction but judging from the current pending sales price, it is very possible that this sale on 5/8/2008 was not a typical arm length transaction. It may have been a fraudulent transaction. Data on a couple other comparables was indicated. They were not transactions in the past 12 months but they do indicate that the subject's market has declined over the past couple years.

Comments on Sales Comparison

All the comparables are similar homes situated within competing neighborhoods. All the comparables would appeal to like utility buyers. The adjustments are moderate. The individual value range is close. The extracted worth is well supported. It was necessary to exceed the 1 mile radius guidelines to use the best comparables. Comparables two and nine have seller paid concessions and both were adjusted accordingly. Age adjustments reflect the normal wear and tear of a property and buyers preference for newer less lived in homes. Age adjustments were made at \$2000 per year. Comparable three was adjusted for superior condition due to the fact it is new construction and has never been lived in. Comparable eight was adjusted for superior lot size and for inferior views due to the fact it is located on a semi well travelled county road. MLS data indicated that these homes in the subject market have declined at a rate of 17% over the pat 6 months, however Minneapolis Area Association of Realtors data indicated that the entire City of Oak Grove has declined in value at a rate of 11.7% over the past 12 months. The time adjustment for all the closed sale comparables were made to reflect the declining market. The rate indicated by the Minneapolis Area Association of Realtors was used for this adjustment. See data sheet from Minneapolis Area Association of Realtors, included in this report. Comparables four through six are current pending sales or active listings that would have the same functional utility as the subject property. MLS data over the past 6 months indicates that these style of homes are receiving 97.7% of the average list price. For this reason, these three comparables were adjusted accordingly. Six of the comparables used were either bank owned, corporate owned, or REO,s, these tend to sell under market value compared to a typical arm length transaction sale. For this reason, these six comparables were adjusted for inferior transaction type. Due to the fact there was not enough data using typical arm length transaction sales and the fact that these type of sales are driving this market, it was necessary to use these comparables in this appraisal. Comparables four and five are located within 2 blocks of the subject, they are similar lots sizes and would appeal to like utility buyers. Comparable four had changed to a pending sale in the time frame of completing this appraisal. All nine comparables used help in determining the subject's value. The adjustment guidelines were exceeded for comparables three, five, seven, and nine due to large age and condition adjustments, gross living area adjustments, basement finishing adjustments, and transaction type adjustments. These comparables are still considered to be the most similar comparables at this time. The subject is one of the smallest two story in gross living area located in Oak Grove. The only comparable that is close in gross living area is comparable four. All the other comparables are bigger homes. All other adjustments should be self explanatory.

PREPAYMENT RIDER

This Prepayment Rider is made this 19th day of January 2007, and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or the Security Deed (the "Security Instrument") of the same date given by the undersigned (the "Borrower") to secure Borrower's Note (the "Note") to

FIRST FRANKLIN FINANCIAL CORP., AN OP. SUB. OF MLB&T CO., FSB (the "Lender") of the same date and covering the property described in the Security Instrument and located at:

21500 LINNET ST. NW OAK GROVE, MN 55011

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

Except as provided below, Borrower may make a full prepayment or partial prepayment of principal at any time without paying any charge. However, if within the first 36 months after the date Borrower executes the Note, Borrower makes a full prepayment (including prepayments occurring as a result of the acceleration of the maturity of the Note), Borrower must, as a condition precedent to a full prepayment, pay aprepayment charge not to exceed the lesser or 2% of the unpaid principal balance or 60 days interest on the unpaid principal balance.

The prepayment fee will not apply if the subject property is sold.

NOTICE TO BORROWER

Do not sign this Prepayment Rider before you read it. This Prepayment Rider provides for the payment of a charge if you wish to repay the loan prior to the date provided for repayment in the agreement

THE NOTE CONTAINS PROVISIONS ALLOWING FOR CHANGES IN THE INTEREST RATE AND THE MONTHLY PAYMENT. THE NOTE LIMITS THE AMOUNT THE BORROWER'S INTEREST RATE CAN CHANGE AT ANY ONE TIME AND THE MAXIMUM RATE THE BORROWER MUST PAY.

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

A. INTEREST RATE AND MONTHLY PAYMENT CHANGES

The Note provides for an initial interest rate of interest rate and the monthly payments, as follows:

7.6000 %. The Note provides for changes in the

4. INTEREST RATE AND MONTHLY PAYMENT CHANGES

(A) Change Dates

The interest rate I will pay may change on the first day of February 2009, and on that day every and on that day every called a "Change Date."

(B) The Index

Beginning with the first Change Date, my interest rate will be based on an Index. The "Index" is the average of interbank offered rates for 6 month U.S. dollar-denominated deposits in the London market ("LIBOR"), as published in *The Wall Street Journal*. The most recent Index figure available as of the first business day of the month immediately preceding the month in which the Change Date occurs is called the "Current Index."

If the Index is no longer available, the Note Holder will choose a new index that is based upon comparable information. The Note Holder will give me notice of this choice.

(C) Calculation of Changes

Before each Change Date, the Note Holder will calculate my new interest rate by adding Five and Four Tenths

percentage points (5.4000 %) to the Current Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated in Section 4(D) below, this rounded amount will be my new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that I am expected to owe at the Change Date in full on the Maturity Date at my new interest rate in substantially equal payments. The result of this calculation will be the new amount of my monthly payment.

(D) Limits on Interest Rate Changes

The interest rate I am required to pay at the first Change Date will not be greater than 10.6000 % or less than 7.6000 %. Thereafter, my interest rate will never be increased or decreased on any single Change Date by more than One percentage point(s) (1.0000 %) from the rate of interest I have been paying for the preceding

percentage point(s) (1.0000 %) from the rate of interest I have been paying for the preceding 6 months; subject to the following limits: My interest rate will never be greater than 13.6000 %, nor less than 7.6000 %.

(E) Effective Date of Changes

My new interest rate will become effective on each Change Date. I will pay the amount of my new monthly payment beginning on the first monthly payment date after the Change Date until the amount of my monthly payment changes again.

(F) Notice of Changes

The Note Holder will deliver or mail to me a notice of any changes in my interest rate and the amount of my monthly payment before the effective date of any change. The notice will include information required by law to be given me and also the telephone number of a person who will answer any question I may have regarding the notice.

B. TRANSFER OF THE PROPERTY OR A BENEFICIAL INTEREST IN BORROWER

Uniform Covenant 17 of the Security Instrument is amended to read as follows:

Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument. Lender also shall not exercise this option if:

(a) Borrower causes to be submitted to Lender information required by Lender to evaluate the intended transferee as if a new loan were being made to the transferee; and (b) Lender reasonably determines that Lender's security will not be impaired by the loan assumption and that the risk of a breach of any covenant or agreement in this Security Instrument is acceptable to Lender.

To the extent permitted by applicable law, Lender may charge a reasonable fee as a condition to Lender's consent to the loan assumption. Lender also may require the transferee to sign an assumption agreement that is acceptable to Lender and that obligates the transferee to keep all the promises and agreements made in the Note and in this Security Instrument. Borrower will continue to be obligated under the Note and this Security Instrument unless Lender releases Borrower in writing.

If Lender exercises the option to require immediate payment in full, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

TOGETHER WITH all the improvements now or hereafter erected on the property, and all easements, appurtenances, and fixtures now or hereafter a part of the property. All replacements and additions shall also be covered by this Security Instrument. All of the foregoing is referred to in this Security Instrument as the "Property." Borrower understands and agrees that MERS holds only legal title to the interests granted by Borrower in this Security Instrument, but, if necessary to comply with law or custom, MERS (as nominee for Lender and Lender's successors and assigns) has the right: to exercise any or all of those interests, including, but not limited to, the right to foreclose and sell the Property; and to take any action required of Lender including, but not limited to, releasing and canceling this Security Instrument.

BORROWER COVENANTS that Borrower is lawfully seised of the estate hereby conveyed and has the right to mortgage, grant and convey the Property and that the Property is unencumbered, except for encumbrances of record. Borrower warrants and will defend generally the title to the Property against all claims and demands, subject to any encumbrances of record.

THIS SECURITY INSTRUMENT combines uniform covenants for national use and non-uniform covenants with limited variations by jurisdiction to constitute a uniform security instrument covering real property.

UNIFORM COVENANTS. Borrower and Lender covenant and agree as follows:

- 1. Payment of Principal, Interest and Other Charges. Borrower shall pay when due the principal of, and interest on, the debt evidenced by the Note and if allowable under Applicable Law, any prepayment charges and late charges due under the Note. Payments due under the Note and this Security Instrument shall be made in U.S. currency. However, if any check or other instrument received by Lender as payment under the Note or this Security Instrument is returned to Lender unpaid, Lender may require that any or all subsequent payments due under the Note and this Security Instrument be made in one or more of the following forms, as selected by Lender: (a) cash; (b) money order; (c) certified check, bank check, treasurer's check or cashier's check, provided any such check is drawn upon an institution whose deposits are insured by a federal agency, instrumentality, or entity; or (d) Electronic Funds Transfer.
- Application of Payments or Proceeds. Payments are deemed received by Lender when received at the location designated in the Note or at such other location as may be designated by Lender in accordance with the notice provisions in Section 14 or in such manner or location as required under Applicable Law. Except as otherwise described in this Section 2, and as permitted under Applicable Law, all payments accepted and applied by Lender shall be applied in the following order of priority: (a) interest due under the Note; (b) principal due under the Note; (c) amounts due under Section 3. Such payments shall

21500 LINNET ST. NW OAK GROVE, MN 55011

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

Except as provided below, Borrower may make a full prepayment or partial prepayment of principal at any time without paying any charge. However, if within the first 24 months after the date Borrower executes the Note, Borrower makes a full prepayment (including prepayments occurring as a result of the acceleration of the maturity of the Note), Borrower must, as a condition precedent to a full prepayment, pay aprepayment charge not to exceed the lesser or 2% of the unpaid principal balance or 60 days interest on the unpaid principal balance.

The prepayment fee will not apply if the subject property is sold.

NOTICE TO BORROWER

Do not sign this Prepayment Rider before you read it. This Prepayment Rider provides for the payment of a charge if you wish to repay the loan prior to the date provided for repayment in the agreement

BY SIGNING BELOW, Borrower accepts and agrees to the terms and covenants contained in this Prepayment Rider.
